Conference Room 1

Background Information

As we close our 2009 season, we would like to take this time to look back on all of the activities that we have accomplished. Although this season has been a challenging one, especially with the CMP and lack of a permanent venue for our briefings, it was nonetheless exciting and successful. From understanding Islam, discussing children's rights, and policing corruption, this briefing season has certainly remained both interesting and engaging. Our Communications Workshop provided us with communication strategies to incorporate into campaigns. This knowledge was conveyed by both UN communication experts and outsiders, who helped NGOs discover how they could become more engaged in UN initiatives and also effectively convey their own messages.

This year also marked the 62nd Annual DPI/NGO Conference "For Peace and Development: Disarm Now!" in Mexico City. The conference was an extraordinary experience for all that were involved. We will review the success of our signed Declaration and reminisce on everything from Jody Williams to the Ballet Folklórico.

This discussion will be an opportunity to hear feedback from the NGO community. We hope that you can join us for this reflective discussion. As we work as an "outreach" to you, your feedback is very important to us.

All Briefings Begin Promptly At 10:15 a.m. and we ask that our audience is seated by 10:00 a.m. sharp.

Discussion will include staff members from the NGO Relations Cluster.

Venues for the weekly Briefings will be provided as soon as the information is available. Videos relevant to the theme of the Briefing are often screened.
